N O T I C E

NOTICE is hereby given that the Thirty-fourth Annual General Meeting of the members of Braithwaite & Co (India) Limited will be held at the Registered Office, 4, Clive Row, Calcutta-1, on Thursday, 18th June, 1964 at 11 a.m. to transact the following business :—

- 1 To receive and adopt the Directors' Report and the Audited Accounts for the year ended 31st December, 1963.
- 2 To confirm the interim dividends paid on the Preference Shares and to declare a dividend on the Ordinary Shares.
- 3 To elect a Director in place of the one retiring.
- 4 To appoint Auditors and fix their remuneration.

As Special Business

- 5 To appoint a Director in place of Mr. D. Fordwood whose term of office expires at this Annual General Meeting and in respect of whom the Company has received a notice under Section 257 of the Companies Act, 1956 from a member proposing the candidature of Mr. D. Fordwood for the office of a Director.

The Transfer Books of the Company in respect of the Ordinary Shares will be closed from the 4th June, 1964 to the 18th June, 1964, both days inclusive.

A member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself and the proxy need not be a member.

Payment of such dividend as may be declared on the Ordinary Shares will be made on or after 25th June, 1964 to those members whose names are on the Company's register on the 18th June, 1964.

EXPLANATORY STATEMENT FOR SPECIAL BUSINESS

Item No. 5 :

Pursuant to Article 109 of the Company's Articles of Association the Board appointed Mr. D. Fordwood a Director of the Company on 11th April, 1963 to fill the casual vacancy caused by the resignation of Sir John Brown. Section 262 of the Companies Act, 1956 provides that if any Director appointed by the Company in general meeting vacates office as a Director before his term of office expires in the normal course, the resulting casual vacancy may be filled by the Board of Directors but any person so appointed shall retain his office so long only as the vacating Director would have retained the same if no vacancy had occurred. The term of office of Mr. Fordwood will, therefore, expire at the forthcoming Annual General Meeting when Sir John Brown would have retired in the normal course had he not vacated office earlier.

The Company has received a notice under Section 257 of the Companies Act, 1956 from a member notifying his intention to propose at the forthcoming Annual General Meeting Mr. Fordwood's name for appointment as a Director of the Company.

No other Directors are interested or concerned in this matter except Mr. D. Fordwood.

STATEMENT BY MR. J. V. JARDINE PATERSON

*To the Thirty-fourth Annual General Meeting of Members
to be held on 18th June, 1964*

PRODUCTION AND DEVELOPMENT

CLIVE WORKS : But for the slowing down of production at three periods during the year as mentioned in the Directors' Report, the target for the year of 30,000 tonnes would have been achieved. As it was, production reached 28,569 tonnes which is the highest so far achieved and 4% more than the previous year. It was unfortunate that production was again interrupted in January this year as a result of riots in the city and the associated curfews but it is confidently expected that, with the improved raw materials position, the Works will exceed their previous best during the current year.

ANGUS WORKS : Very satisfactory progress has been made and, as stated in the Directors' Report, the turnover for the year was nearly double that of 1962. In the fourth year of our operations in these Works, we have, in fact, shown a small nett profit which, in view of the development charges to be incurred, must be considered a notable success. The order book is well filled and a number of outstanding quotations for Electric Overhead Travelling cranes are known to be competitive and are likely, therefore, to become orders. After many delays the loan agreements have been completed, import licences received and orders placed for the machinery which will enable the present phase of expansion to be completed. It is hoped that these machines will be received within the next twelve months. We have not yet received the electric power supply required for this expansion but we are advised that this will be available early next year and there should therefore be no delay in bringing these machines into operation.

Consideration is being given by the Directors to the next phase of the expansion scheme and details will be worked out so that this can follow on closely the completion of the first phase.

Work has continued on the housing scheme and three blocks comprising 18 flats for junior officers have been completed and occupied. Flats for senior officers are also well advanced.

PROFIT, TAXATION AND DIVIDEND

The profit for the year, after providing Rs. 14,19,333 for depreciation and transferring Rs. 7,03,186 to Development Rebate Reserve, amounted to Rs. 1,24,47,705 which shows an increase of approximately Rs. 18 lakhs over the previous year. This result is most encouraging but once again very large sums are required for payment of taxes as, in addition to Income and Super-taxes amounting to Rs. 62,20,706, Rs. 17 lakhs has been provided for payment of Surtax, making a total of Rs. 79,20,706 or more than 63% of the profit. It is interesting to note that this provision for payment of Surtax is very nearly the same as that for Super-tax in the previous year but is, of course, calculated on the increased profit referred to above.

The annual dividend on the Preference Shares has been paid in two instalments, absorbing Rs. 3,60,000 as against a single quarter's dividend of only Rs. 90,000 required in the accounts for 1962. The Directors are now recommending an increased dividend on the Ordinary Shares at the rate of 20%, thereby leaving available for transfer to Reserves slightly more than Rs. 21½ lakhs.

Braithwaite & Co (India) Limited

EXPORTS

There was further improvement in the export to Malaya of Pressed Steel Tanks in collaboration with the Technical Consultants, Braithwaite & Co. Engineers Limited. Results elsewhere were, however, disappointing and a second sales tour was undertaken towards the end of the year. Whereas there are possibilities of improving sales in Hong Kong, it is clear that conditions in Burma particularly, and to a less extent in Thailand, are not encouraging, though every effort will be made to develop business.

LABOUR

The severe drop in production in April/May, due to inadequate supply of welding electrodes, with the consequent fall in earnings from Production Bonus, resulted in labour agitation which took some time to settle. This, combined with the recent general demand throughout the Industry for the setting up of a Wage Board, has unfortunately affected relations with our labour, but with the present healthy position of the Company's order book and the vast improvement in availability of raw materials, it is expected that workers will now be able to earn high rates of pay through Production Bonus, and the normal satisfactory co-operation between Labour and Management will be restored. The quantum of annual bonus to be paid was amicably settled under a bipartite agreement.

MANAGEMENT AND PERSONNEL.

We are again grateful to our Managing Director, Mr. J. E. Bingham, for his successful conduct of the Company's affairs during the past year. His term of office as Managing Director of the Company expires on 30th June, 1964, but it has been agreed that application should be made to the Government of India for his re-appointment for a further period of one year. The Board also proposes to appoint Mr. J. E. Sawtell as a Managing Director and the necessary application in regard to his appointment and remuneration has been made to the Government of India. Mr. Sawtell has served the Company in various capacities and, since April 1963, has been General Manager of Clive Works. He will take over from Mr. J. E. Bingham at the expiry of the latter's Agreement in 1965. On receipt of Government approval to the applications in connection with these appointments, the necessary General Meeting of Shareholders will be convened.

Mr. Y. S. Tayal, Secretary of the Company and Mr. A. D. Morley, General Manager of Angus Works, left the services of the Company during the year. Mr. B. L. Mathur has been appointed Secretary of the Company, Mr. A. P. Sarkar the Financial Controller, and Mr. M. Dhar, Chief Engineer. Mr. K. R. Sundaram was transferred from Clive to assume responsibilities of the Works Manager, Angus. All these senior Executives have worked extremely hard during the past year and we are indebted to them and all other members of the Staff for all that has been achieved.

Rs. 3,60,000

The Directors now recommend the payment of a dividend on the Ordinary Shares at the rate of Rs. 2.00 per share subject to deduction of income-tax and super-tax at appropriate prescribed rates, absorbing

Rs. 20,00,000 Rs. 23,60,000

PRODUCTION

CLIVE WORKS

As was anticipated, there has again been a satisfactory increase in production during the year under review, in spite of the acute shortage of welding electrodes in the early part of the year, considerable absenteeism after the Pujahs and agitation for wage increases in December. Supplies of raw steel have steadily improved, particularly in recent months, and it is now possible for the first time in many years to plan production for some months ahead.

The additional area of land required as a steel stockyard was secured from the Port Commissioners and has greatly relieved congestion within the Works. Extensions to the Works Office and Staff Canteen have been put in hand.

ANGUS WORKS

Turnover for the year was nearly double that of the previous year and the order book is considered to be very satisfactory. Import licences for the machinery required for the present expansion scheme have been received and orders placed. It is expected that these machines will be received and installed within the next twelve months. The extension to the Machine and Assembly Shops is well advanced. Production of Electric Overhead Travelling cranes was slightly less than expected and sixteen cranes were completed.

FINANCE

The agreements with the Industrial Credit and Investment Corporation of India Limited and the Commonwealth Development Finance Company Limited referred to in the last Report have been duly executed. The sum transferred to General Reserve includes the annual provision necessary for the repayment of these loans and for redemption of the Preference Shares.

In the schedule of fixed capital expenditure attached to the Balance Sheet, it will be noted that there is a transfer of Rs. 8,08,719 from Freehold Land to Leasehold Land. This sum represents the amount paid for land at the Angus Works when the arrangement was concluded to diversify the Company's business there. Although at that time it was appreciated that Government had served notice on the seller proposing to declare the land as surplus and to acquire it under the West Bengal Estates Acquisition Act, 1953, your Directors were advised that as it was the Company's intention to develop the land for industrial purposes, there would be no possibility of the land being eventually requisitioned and taken over. The land was accordingly purchased and steps taken to commence building staff quarters. In May 1963, however, the

Braithwaite & Co (India) Limited

Collector was instructed by Government to take possession of the land, despite the fact that by that time a considerable area had already been built upon. In view of the urgency to re-establish possession of the land and to complete the building programme, your Directors considered it to be in the best long-term interests of the Company, to relinquish its right to take legal action against Government. Your Directors were accordingly able to negotiate with Government a thirty-year lease on payment of *salami* and an annual rental. The lease is renewable for like periods but subject to review of annual rent on each renewal. In the circumstances, the original amount of Rs. 8,08,719 must now be regarded as part of the cost of obtaining the Leasehold Land.

PROSPECTS

With the improved supply of raw materials, it is anticipated that production at both Works will continue to rise.

DIRECTORS

Maharajadhiraja Sir Uday Chand Mahatab Bahadur of Burdwan, K.C.I.E., retires from the Board under Article 104 of the Company's Articles of Association and being eligible, offers himself for re-election. Mr. D. Fordwood, who was appointed to the Board on 11th April, 1963, to fill the casual vacancy caused by the resignation of Sir John Brown, vacates his office. The Company has received due notice from a member proposing the appointment of Mr. Fordwood as a Director of the Company.

AUDITORS

The Company's Auditors, Messrs. A. F. Ferguson & Co., Chartered Accountants, retire from office and are willing to accept re-appointment.
